Avalanche Switches To Larger Newtype

As a courtesy to an increasing number of older Avalanche readers, the weekly Crawford County newspaper has switched to a larger type size for news stories. The larger type starts with this issue.

Stories set in the larger type will take up more space than before. Community news and other articles will continue to be edited in order to publish as many stories as possible each week.

Single Blood Donation Can Save Four Lives

The Crawford County American Red Cross will have a Blood Bank on Wednesday, January 11, at the American Legion Hall in Grayling, from noon to 6 p.m. Why not start the New Year by becoming a blood donor? It is simple, costs nothing but your time and your one donation can save up to four lives.

A donor can give regularly every 56 days. The blood collected is carefully tested, in the Petoskey Blood Center, and then delivered to 37 hospitals in central and upper Michigan. Red Cross blood donors must be at least 17 years old, in good health and weigh at least 110 pounds.

Hanson Hills Offers Ski Special for Adults

Hanson Hills will offer discounted prices for adults beginning Monday, January 16th and running every Monday night from 6 p.m. - 10 p.m. for the remainder of the ski season. Anyone 18 years old and over can ski for just \$5 a night. The five dollars fee includes the use of rental equipment if needed.

Czuba Honored For 25 Years of Service

A certificate recognizing her 25 years of service to the Department of Social Services was recently awarded to Arlene Czuba. Along with the certificate she was presented a gold lapel pin.

Bob Porter, director of the Crawford County DSS presented her with the certificate and paid tribute to the valuable contributions she has made.

Czuba began her career in 1961 in what was then known as the Crawford County Welfare Department. Her work then consisted of distributing surplus commodities two days per month. Her work hours were gradually increased until she

went to full time in the clerical-bookkeeping department. In the late 60's she moved to the Assistance Payments Department where she has remained until the present time.

"I have always enjoyed working with people. Although there have been many changes in the DSS, working with clients for me has been the most constant pleasure," Czuba said.

Czuba has two children who are married and one who is single. She has several grandchildren. Her plans call for retiring March 1, 1989, and traveling extensively. Volunteer work is also included in her future outlook.

25 YEARS — Crawford County Department of Social Services Director Bob Porter and Arlene Czuba display the 25-year certificate she recently received from the state DSS director.

Threatened by Shotgun, Police Shoot Man

Two police officers shot Edward Douglas LaMotte after he aimed a shotgun at them shortly after 1:30 a.m. Tuesday, January 10, said the Crawford County Prosecutor's office.

One officer from the Grayling City Police Dept. and one deputy from the Crawford County Sheriff Dept. responded to a report of a shot being fired and a man with a gun in the 400 block of Elm Street, near Michigan Avenue.

The prosecutor's office said both officers were confronted upon arrival by LaMotte, 35, of Grayling, who appeared to load a shotgun. He walked toward the officers who identified themselves as police officers and repeatedly ordered him to drop the weapon.

As LaMotte continued to approach the officers he aimed the weapon at them and was shot by both officers simultaneously, a news release from the prosecutor's office said.

LaMotte was pronounced dead at the scene by Crawford County Medical Examiner Dr. Donald Burkley.

As of Tuesday afternoon, the names of both officers were withheld pending the outcome of an investigation handled by the Michigan State Police in co-operative with the Crawford County Sheriff Department.

An autopsy was scheduled for Tuesday at 11:30.

NEW MAGISTRATE — District Court Judge Francis Walsh swears in Magistrate Jean Callewaert as county commissioners William Coy and Joe Callewaert look on.

Governor To Review Camp Grayling Report

Governor Blanchard will receive a lengthy Camp Grayling Management Advisory Committee report Jan. 11.

Among the recommendations in the report are several restrictions on artillery firing. The committee, identifying noise from the ranges as a major issue, recommended no artillery firing between three hours after sunset and sunrise with exceptions permitted by the Camp Commander.

The committee also recommended no artillery firing on Memorial, Fourth of July, Labor Day, and opening day of trout season weekends.

Another recommendation was phasing out the use of eight-inch artillery guns by 1992.

The committee also suggested an advisory committee to work with the military.

The committee met Jan. 5 to finish work on the report and a final draft will be available this week. The Avalanche will publish an extensive look at the report next week.

Stories published in the Detroit Free Press and Bay City Times the last two weeks contain recommendations from a preliminary draft that have been changed in the final draft.

Callewaert Appointed New Magistrate For County

Jean Callewaert, of Grayling, was appointed Magistrate of Crawford County by 83rd District Court Judge Francis Walsh. She took over the position Jan. 3rd replacing Irene Wyman, who retired after 20 years service as Magistrate.

The Magistrate handles a wide range of duties including traffic tickets for all motor vehicle laws, marine, snowmobile, and conservation violations. The Magistrate also signs warrants for all crimes in the county, handles bond setting for defendants, and can even per-

form marriage ceremonies.

Callewaert grew up in MaComb and has been a resident of Crawford County since 1978. She was graduated from Wayne State with a bachelor of science degree in criminal justice. She taught 3 years of law enforcement courses at Kirtland Community College and has been in law enforcement since 1970. She started with the Detroit Police Dept. and has worked as road officer, marine patrol, dispatcher, and corrections with the Crawford County Sheriff Dept. beginning in 1978.

Downhill Canoe Race Overcomes Insurance Problems

The Downhill Canoe Race, one of the annual highlights of the Grayling Winter Sports Carnival, is again scheduled to be run down the slopes of Hanson Hills.

An early estimate of \$2,000 for insuring the event had winter carnival promoter worried about sponsoring this year's downhill canoe race. The Winter Carnival Committee is hoping the cost of insurance will be closer to \$500, however.

The insurance, whatever the final cost, is only to cover the spectators for the 1½-hour event. The participants sign waiver forms before competing.

Last year a canoe crashed into a snow-cat tractor at the bottom of the hill. Several minor injuries have been reported by participants but no serious injuries have occurred.

Chris Holtz, the Grayling Regional Chamber of Commerce manager and a member of the 3-person volunteer Winter Carnival Committee along with Mary Ann Johnson and Sandy McAnallen, said insurance cost isn't the only concern with the downhill canoe race. Volunteers are needed to run the race. Call the Chamber at 348-2921 to help.

The downhill canoe race will be one of four main activities at Hanson Hills Sunday, Feb. 5, during the Winter Carnival. Also on the schedule for Sunday at Hanson Hills are ski races, innertube races, and a downhill furniture race.

Most of the main Winter Carnival events for Saturday, Feb. 4, will take place in downtown Grayling.

Sleigh rides and pony rides will start at 11 a.m. Saturday next to the museum. There will also be snowshoe, ski, and snowmobile demonstrations in downtown Grayling starting at 11 a.m.

The Polar Bear Plunge will be held in the city park this year at noon Saturday. At 1 p.m. "Up the Downstream" Canoe Race will start at Ray's. The Spike Hanson co-ed snow volleyball tournament will begin at 1:30 p.m.

The Mardi Gras Costume Ball at the K of C Hall will cap Saturday's events.

Besides switching some events from Hanson Hills to downtown Grayling, the Winter Carnival Committee is promoting other events in the county going on the same day as the Winter Carnival.

Skating at Skyline, Hanson Hills, Hartwick Pines, N. Higgins Lake State Park, the Mason Tract, and behind the Grayling Holiday Inn is being promoted on the Winter Carnival schedule of events. The Grayling versus Petoskey basketball game is also listed as well as ice skating at the county fairgrounds.

New to the carnival this year is a torchlight parade and a Jazz Tour Friday night and a talent show Thursday night.

Pauline Petrosky, a member of the Grayling Recreation Authority which runs Hanson Hills, said she was disappointed in a way at some of the changes but still was community minded.

"We'd like to have all the events out at Hanson Hills but we understand the concerns of the business community. If moving some events helps bring in more people, I'm all for it. How will we know unless we try it and see what happens?"

Petrosky said right now Hanson Hills is in a tight spot after two millage defeats. She said they don't have enough personnel to man winter carnival activities and run ski operations.

Promoting events throughout the county was more consistent with what the chamber is trying to accomplish, Holtz said, and having some events downtown may benefit businesses more.

Petrosky said the winter carnival hasn't been bringing in people like it used to 15 to 20 years ago and it isn't a boost to the economy the way it once was. She said local

support hasn't been as strong lately.

"Just look at the number of snow sculptures that have been built in the last few years," she pointed out.

As part of the plan to better promote the winter carnival, the committee decided to cancel the winter carnival medallion hunt and use the \$500 in prize money for advertising or other carnival expenses.

Actress Returns to MC Miss Grayling Pageant

Miss Grayling 1975, Bridget Hoffman, will be Mistress of Ceremonies of the Miss Grayling Area Scholarship Pageant on January 21. She will be returning from Los Angeles to visit her parents, Dr. Ralph and Nancy Hoffman, of Grayling.

On January 16 she will receive the 1988 Dramalogue Theatre Award for Outstanding Performance. Bridget won this award for her portrayal of a retarded girl in "Spratt" at the Burbage Theatre in L.A.

Bridget has also starred in the Los Angeles premiere of the play "The Little Prince" (based on the classic book by A. St. Exupery) with David Morse of television's St. Elsewhere. She has produced and starred in the well-received "Cubistique" at Theatre/Theatre in Hollywood.

GPA Sponsoring Pictionary Again

The Grayling Promotional Association resumed their regular weekly meetings at the Chief Shoppenagons after having the holiday week off. On Tuesday, December 20, Joyce Bourrie hosted the group at her home for a special Christmas luncheon. She served a delicious lunch and the

home was beautifully decorated for the holiday season.

Plans are underway for decorating the GPA float for the Winter Carnival parade. Winter Carnival buttons are on sale at most business places and they will be needed for admission to many of the events.

A nominating committee is meeting to pick a new slate of officers to be elected soon. The GPA is again sponsoring a fun evening of "Pictionary" to be held on February

23, the proceeds of which will help defray the cost of the Milltown Parade. Anyone wishing information, call Mo McNamara. Start getting your team together.

1000 Mile Snowmobile Safari Stopping Here

A group of 24 snowmobile enthusiasts begin a chilly 1000 mile adventure to benefit the American Cancer Society on Saturday, January 14. The 22 snowmobiles, plus two support vehicles, leave Bay County on a 7 day Safari stopping at the Grayling Holiday Inn, continuing on to St. Ignace, Munising, Baraga, Copper Harbor and back to St. Ignace. The support vehicles will bring the men and snowmobiles back to Bay City from St. Ignace.

Arnie Bischer, chairman, says their goal is to raise \$40,000 to sup-

port American Cancer Society programs in Research, Public Education and Patient Services. Members of this group hail from all over lower Michigan. They are seeking community support for their venture through sponsorship, pledges, and ticket sales on a 1988 Yamaha Bravo snowmobile. The Yamaha Bravo will be raffled after their return on January 21.

Anyone wishing to support this snowmobile safari may contact Arnie Bischer at 659-2444 or 894-2821 or write American Cancer Society, 3865-4 E. Wilder Road, Bay City, Michigan 48706, or call (517) 687-0912.

EYE SAFETY AND WORK

QUESTION: What is the difference between impact-resistant lenses and safety glasses?

ANSWER: What protection do you need? Well, different eye protection equipment is needed for different tasks.

All corrective lenses prescribed by eye doctors are, by law, impact-resistant spectacles which provide limited frontal protection against flying particles. However, "impact-resistant" lenses could break. "Safety glasses" with lenses meeting industrial safety lens standards offer greater protection for the worker.

Safety thickness goggles offer both frontal and side protection. They may be worn over regular glasses and offer excellent protection against flying particles.

New Year Spoiled By Careless Driver

On Thursday, December 29, my white Celebrity was parked in the Grayling Mall Parking lot. It was hit in the driver's door by a blue car. The driver of this car left the

scene without notifying anyone of this accident.

If anyone saw this happen I would appreciate it if you would contact the local police department.

I hope the person responsible for this had a Happy New Year. I know I didn't knowing I have a \$500.00 bill to pay to repair my car.

AuSable Becoming Rich Man's Playground

To The Editor:

Well, it has finally happened: the main portion of the AuSable River has become a rich man's playground. No-kill has finally taken effect against the wishes of the majority of Crawford County residents and against what appears to be the majority of the people of the state of Michigan. How do things like this happen? Extensive studies both for and against show that no-kill rules will make very little if any difference to the quality of this trout stream. In fact, the most extensive study shows that it will have a negative effect on the quality of the stream.

The majority of the people and most of the people of this county do not want no-kill. Studies show that there will be no beneficial effects from these rules on this stretch of river, and yet the rules are going into effect. Who does this river belong to? It belongs to all of us and the DNR does not have the right to do whatever they please with it. The DNR also works for us. We pay their wages and they are suppose to be looking out for the environment and all of our best interests. This is not occurring in this case.

How many Crawford County residents do you think will be seen fishing between Burton's Landing and

Wakeley Bridge? How many people do you think will be seen fishing this stretch with less than an average yearly income of \$40,000? Money, not majority and environmental issues have decided this issue. Don't get me wrong, if the majority of the people, especially the people in the county, supported no-kill I would hang my head sadly and accept the decision, but this is not the case. It is an outrage! This is not a communist country and I don't accept the precedence set by this case and I don't think the rest of the county residents should either.

If the DNR can hand down such a biased, unprecedented decision, what makes you think that at the next swoop of the hand, they won't eliminate canoes from the river? Remember the people behind this decision are selectively changing the fishing rules. Do you think they feel canoes fit into their scheme of things? To quote good ole Rusty Gates and the Detroit Free Press "Gates was exuberant at week's end. 'I am happier than hell and hope it is truly over,' he said. 'That's one down and two to go.' Two to go? 'Yes, the National Guard and canoes', Gates said."

Now, about Crawford County's economy. Proponents say that no-kill will help

the economy. I hardly think so. I think everybody in this county is about to find out just how big a part this river plays in this community. If the no-kill activist ever actually get a chance to try out their new found toy. I've heard it and I'm sure most of the county's residents have too, that if the AuSable River becomes poisoned, there will be no trout for anyone to catch. What kind of financial and emotional impact would this have on all area businesses and the recreational use of the river?

I believe that the possibility of permanent damage to the river is being ignored by the proponents of no-kill and the DNR. It is a real shame that people have been pushed to the point that they feel that these tactics are the last resort. This has become a bigger issue than Catch and Release, this issue is going to effect all our futures in Crawford County and it is time the DNR is brought under control. I don't always understand the political scheme of things but this is definitely wrong and I don't think it is the end of this issue. I just hope it is not the end of our river.

Also, one other thing I wanted to mention: what about the people who have invested thousands of dollars to establish residence along the river be-

The needy need help here too. I would like to see changes in DSS to benefit people in need. My daughter has a new baby and cannot get any help at all. She receives \$70.00/month from a mineral royalty. Yet it is valued as an asset of \$2500.00, which puts her over the guidelines.

You tell me how she can pay house payments, utilities, food, and medical bills on that. No one will buy mineral rights as it is too small a percentage

to take a gamble on.

Meanwhile, my income is less than \$500 a month. I have been trying to help her as much as possible but I can't keep up with bills. I want to thank John Hunter and Emil Kraus who tried to give me some advice, but they cannot do anything either. I guess she should have had an abortion which other people can do and live with it. What God giveth, God taketh away.

Social Services Changes Needed

Opinions

From Our Corner

By Whitey Madsen

(Whitey Madsen, Editor and Publisher of the Avalanche for 20 years before retiring, still contributes his column "Our Corner" on occasion for the Avalanche Opinion Page.)

(An open letter to Michigan Governor James Blanchard)

Dear Governor Blanchard: May I introduce myself — I am H.D. "Whitey" Madsen, I have lived in Grayling, (Crawford County) for 42 years and have been associated with the Crawford Co. Avalanche since arriving here in 1946 — the last 20 years as editor and publisher of the paper.

In all those years I have followed the impact on the economy that the guard at Camp Grayling has generated.

The economy of our area is not only the part of the guard who train here, it is also the people, some 200 families, that rely on their year-round jobs, and the tax base they provide.

One of the reasons Grayling survived when Bear Archery moved to Florida was the employment at Camp Grayling and M.A.T.E.S.

Now, for some reason, we have in our midst radicals who have moved into our area that wish to change everything to their own liking as they seek a utopia from the life they had downstate.

They are probably people who would be against motherhood if it

would benefit them in anyway.

I hope you read the Detroit Free Press article by Tom Opre on the courts overturning the catch and release fishing on the AuSable —

I refer to a quote by Rusty Gates, owner of Gates Lodge on the AuSable...he probably has lived here maybe 15 years...we quote "I am happier than hell and I hope it is truly over," he said. "That's one down and two to go."

Two to go? "Yes, the National Guard and canoes," Gates said.

A real fine gent that makes his home here — he cares less for anyone in our area, but himself...

Governor, I could write reams on the economy that confronts one of the less populated counties in Michigan...

All I ask of you — please keep an open mind on the National Guard issues — Camp Grayling is Crawford County — like the saying goes...a couple rotten apples can spoil a bushel...

Thank you for your time...

Sincerely,

Whitey Madsen

P.S. An answer would be appreciated...by the way, if Art Wakely is still on your staff, tell him hi...

Minutemen Foundation Comes to the Rescue

Thanks Minutemen. During the 75th celebration activities held at the guard camp this summer, several GHS teams were contracted to help a vendor responsible for one of the many food services available during the festivities. When the vendor did not honor this written agreement and it came to the attention of the Minute-

men, the Minutemen went through the necessary channels to secure financing to pay the GHS teams.

We greatly appreciate the Minutemen and their concern, efforts and commitment to fair action.

Relax; Legislature is on guard

The Michigan Legislature, true to form, wound up its 1988 session in a frenzy of activity.

When the lawmakers came back into session for the last time a couple of weeks before Christmas, they faced an avalanche of a couple of hundred calendar items to handle before they quit for the year.

They tackled such things as school aid reform and new taxes, lower property tax rates, items dealing with AIDS and Alzheimer's disease, new car brokers, and the question of legalizing serving muskrat meat.

All in all, as the two-year session of the 84th Michigan Legislature wound down, the Senate faced more than 150 roll call votes, and the House calendar was jammed with 60 or more items. In fact, the Legislature adopted more than 120 new laws in the final week.

The lawmakers even ate lunch and dinner at their desks, and had to miss a few Christmas parties, too, according to one Detroit newspaper.

Wouldn't you think that a full-time legislature could handle its obligations in more timely fashion, and the agenda wouldn't get quite so bogged down at the end?

Or does Michigan really have only a part-time legislature, and are we only paying for a full-time one?

★ ★ ★

WHICH BRINGS to mind one of the old saws about government:

If you think we've got a lot of government now, just imagine how bad it would be if we got as much government as we're paying for.

★ ★ ★

JUST IN CASE the folks in the capitol think we're picking on them alone, let's switch the subject:

Great Britain's Prince Philip, who is an international conservationist and president of the World Wide Fund for Nature, doesn't think too much of all the interest in the two trapped whales off Northern Alaska.

The international effort to free the two trapped gray whales entranced audiences world wide, and cost an estimated \$1.3 million. The whole thing was irrelevant to saving the species, the Prince said.

"You have got to see it as a circus act or an act of entertain-

ment," Prince Philip said.

He said it gave people a false impression that "they are doing something about conservation of nature," and that the resources and money used to rescue the whales could have been used "far very much more positive things."

The Prince has a point. Rescuing the whales drew a lot of attention and really was a lot of fun; it made a lot of us feel pretty good, too.

But was it really worth it? Prince Philip has asked a good question...even though to many folks (as some may have noted) it sounds a lot like the words and attitude of another famous Britisher, who immortalized the comment: "Bah. Humbug."

ON A MORE positive note, baseball star Kirk Gibson has turned out to be quite a philosopher as well as quite an athlete.

His athletic prowess is attested by such feats as leading the Los Angeles Dodgers to the world championship this year, and earning the National League Most Valuable Player award.

When Mr. Gibson transferred his loyalties from the Detroit Tigers to the Dodgers last year, he was blasted by pizza king Tom Monaghan, who also owns the Tigers. It should be noted that Mr. Monaghan later backed off his most severe criticism of Mr. Gibson.

But Kirk Gibson never flinched under the early pizza attack. When asked to comment on his former boss' blasts, Mr. Gibson declined to fire back, explaining:

"You're a slave of what you say, and a master of what you don't."

There's a lot of common sense in the Gibson approach.

My first reaction was to complain very loud about changes in this year's Grayling Winter Sports Carnival.

Moving some events from Hanson Hills to downtown and cancelling the Medallion Hunt didn't seem to me like the right choices to make. It also bothered me that a total of 3 persons on the Grayling Winter Sports Carnival Committee made these decisions that change part of the outlook of our winter sports carnival. Three persons, that's all.

Do you think these 3 people might have made some wrong choices in planning the 84th Grayling Winter Sports Carnival?

Maybe they did. Maybe they didn't. What they did do, for certain, is volunteer their help a long time ago to organize the winter carnival.

Three persons volunteered. That's all. No one else did. If anyone else would have volunteered, he or she would have gladly been included on the winter carnival committee.

Three persons. Is that an indication how this community feels about the winter carnival that was once the best in the Midwest, drawing 10,000 people a weekend?

I didn't volunteer, did you? So how can any of us sit back and complain about the work of those peo-

ple who did volunteer?

Pauline Petrosky, a member of the Grayling Recreation Authority which runs Hanson Hills, may have a better attitude. She was disappointed in a way at the changes but still community minded.

"We'd like to have all the events out at Hanson Hills but we understand the concerns of the business community. If moving some events helps bring in more people, I'm all for it. How will we know unless we try it and see what happens?"

If you don't like some of the decisions made by the winter carnival committee for this year, try to do something other than complain.

Mike Shearer has organized the Winter Sports Carnival Medallion Hunt for the last 4 years, the first year with help from Rick Mead and the last 3 years with help from me. He's doing something other than complaining. He didn't like the decision to cancel the Medallion Hunt so he's seeking a business to sponsor the \$500 prize to keep the hunt alive.

Soon, planning for the 85th winter carnival will start. If you think you can help, call the Chamber today and ask to be called when next year's committee is formed. Volunteer help is usually thankless and the more people who shoulder the load, the better.

... about your Social Security

Children need Number By Tax Time
Does your young child have a Social Security card? The tax law requires that each child age 5 and over who is listed as a dependent on a tax return, must have a Social Security number.
If you need to obtain a number for your child before you file your income tax return, I'd suggest you apply for the number right away. It's a simple process, but issuing the card can take two to three weeks, or possibly longer if you wait to apply during the "rush" at tax time.
Just complete the application form (available at the Social Security office and at most post offices), and mail or bring it to Social Security with the required documents. Furnish your

child's birth record and one other piece of identification, such as a shot record, along with the application form. Don't send photocopies of any documents. Send only original or certified copies, which will be returned to you right away. The child's Social Security card will arrive in the mail within a few weeks.
This is a free service from Social Security. So if you receive mail from a private firm offering to obtain a Social Security number for your child for a fee, you can simply ignore it! For faster, free service, just con-

tact Social Security directly.
The Traverse City Social Security office is located at 1111 E. Front St. The phone number is (616) 948-8380. Office hours are 9:00-4:30, Monday through Friday, except national holidays.
A new national toll-free number is now available with 24-hour service. The toll-free number is 800-234-5772 (or 800-234-SSA).
A representative is at the Crawford County Building in Grayling on the first and third Tuesday of each month, from 10:30 a.m. until 2:00 p.m. There is no phone service at this location.

County Democrat Convention Set For January 14
The Crawford County Democratic Party will meet on Saturday, January 14, at 10:00 a.m. in the courthouse basement. Democratic Precinct Delegates and Democratic candidates will meet first and form a new Executive Committee. The new Executive Committee will then caucus and elect new Party Officers for 1989-90. The new officers will convene the county convention for all Democrats and select delegates and alternates to the State Convention.
The members will review any local resolutions and forward them to the Democratic State Central Committee. Finally, the party will review Governor Blanchard's list of appointments and commissions and forward approved applications to Lansing.

Kernstock Ranked #1 Grayling Matmen Beat Kalkaska, Soo

Brian Kernstock
1st Place

Grayling beat Sault Sainte Marie 30-21 and Kalkaska 47-18 Jan. 5th and had two wrestlers capture tournament titles in the last 10 days.

Brian Kernstock took 1st place at the Freeland tournament Dec. 30th and earned the number one ranking in the state in the Detroit Free Press at his 180-pound weight division.

Kernstock defeated Russ Swanson, last year's state champion in class B, at the tournament. It was only

Swanson's second loss in two years. Kernstock improved his record to 20-0 at the Freeland tournament.

Andy Moore, 112 pounds, and Rusty Argue, 171, took 4th places at Freeland. John Gay, 160, took a 5th. There were 16 teams at Freeland.

At Mason County Central Jan. 7, Chad Broeker took first place at 108 pounds in the 11-team tournament. Broeker, only a freshman, improved his season record to 15-6.

Kernstock, 189, Argue, 171, and Gay, 160, took 2nd. Kernstock lost 6-3, giving up penalty points in his first loss of the year. His record went to 22-1. Gay is 19-4 and Argue 16-5-1.

Moore, 112, Terry Sorenson, 119, Frank Wildfong, 125, and Jamie Montoya, 130, took 3rd places. Doug Doty, 135, and Todd Thorsen, 152, took 4th places.

Moore is now 15-9, Sorenson 17-6, Wildfong 8-4, Montoya 8-8, Doty 8-11-1, and Thor-

sen 13-9.

Coach Ferguson said the team brought home 10 medals and 12 of 13 wrestlers scored points for Grayling.

At the dual meet Jan. 5, winning two matches for Grayling were Broeker, Sorenson, Thorsen, Gay, Argue, and Kernstock. Winning one match were Moore, Wildfong, Montoya, and J. Wright.

The GHS matmen travel to St. Ignace Thursday and Clare Saturday.

GHS Volleyball Team Plays Home Opener Jan. 11

Grayling plays its first home match Wednesday, Jan. 11, against Cheboygan and travels to the St. Ignace Invitational Saturday.

Grayling lost on the road last Wednesday to Petoskey 6-15 8-15 13-15 and on Thursday to Lake City 11-15 8-15 15-4 11-15. They beat Gaylord 15-13 15-5 at an Island Lakes tournament Saturday but lost to 2nd-ranked Brimley 4-15, 11-15, 4th-ranked Cedarville 1-15 5-15, and 10th-ranked Inland Lakes 13-15 10-15.

Although Grayling's strong volleyball program usually opens with a lot of wins, coach Becky Brown said this year's team may be more productive than other teams that started out winning.

"We've got height this year that we've never had before," Brown said. "In a couple more weeks we could surprise a lot of people. I have a good feeling about this

team."

Against Petoskey, Grayling's serve reception and erratic serving lost the match.

"They couldn't handle our attack when we did attack," Brown said.

Deanna Phelps and Patti Tremblay led with 6 spikes each. Heather Stephenson and Jannice LaDuke had 5 each. Sheryl Klinger led with 28 sets. Phelps led with 12 blocks and Stephenson had 10.

Against Lake City, Grayling again missed serves and had trouble receiving and passing. Tremblay was perfect, however, in serving with 15 for 15. Klinger

had 38 sets and Heather Stephenson led the passing with 42 of 42. Phelps had 9 blocks and Stephenson 8. Phelps, Tremblay, Lisa Kimball, and Cheryl Barber led the defense.

In the tournament, Phelps led servers with 28. Klinger had 19. Tremblay 18, Kimball 18, and Nikki Trenary 15. Tremblay had 36 spikes, Phelps 22, Stephenson 13, Trenary 11, and Klinger 10. Klinger led with 95 sets. Tremblay had 71 passes and led in defense.

Phelps had 31 blocks, Stephenson 13, Trenary 6, Tremblay 5, and Klinger 5.

1st-Place Soo Hands Grayling a 90-58 Loss

The Vikings tried everything on the 6'11" Anderson from Sault Sainte Marie. They fronted him, double-teamed him, fouled him. Nothing worked well. He scored 35 points and the Soo pulled away for a 90-58 loss.

Grayling played well in the first half against the Soo, a team tied for 1st in the league with a 4-1 mark. The Vikings shut the Soo down to 14 points for the first 8 minutes trailing 14-10.

"Kirk Annis and Jim Abney played good defense inside," said head coach Tom Mills. Abney led with 9 re-

bounds and 12 points. Annis had 8 rebounds and 6 points. Kralg Hudson also shared scoring honors with 12. Marty Jung had 9 points, Chris Skidmore 9, Brian Palmer 4, Matt Spencer 2, and Ted Baynham 2. Jung and Skidmore had 5 assists each and the team only had 11 turnovers.

The Vikings trailed 38-25 at half and then the Soo played an inside-outside game. Anderson on the inside and a guard hitting 3 three-pointers on the outside. The Vikings were outscored 31-20 in the 3rd quarter. The Soo made 24 of 44 from

the free throw line and Grayling only made 12 of 30.

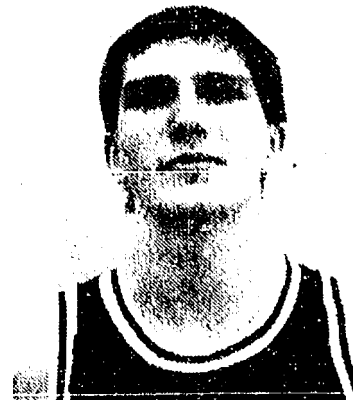

The Vikings, 1-8, played undefeated Roscommon Tuesday night and go to St. Ignace Friday, Jan. 13.

The J.V. team led the Soo 33-31 at half before losing 60-47. The Soo switched to a zone press and defense, and foul trouble also gave Grayling problems.

Shane Fraser and Jay Mertes led with 8 points each. Matt Branch had 7 points and 15 rebounds. Dana Mirate scored 6. The Vikings had 15 steals in the first half.

The Bible Speaks

From Calvary Baptist Church

The Gospel of John

Part #80

Results of Miracle Power

What would happen if Jesus Christ performed a life giving miracle to a rotting corpse today in Elmwood cemetery in Grayling? Well, Jesus Christ already performed such a miracle with Lazarus, and since people don't change, we shall see what would happen.

First, there would be believers. "Then many of the Jews which came to Mary, and had seen the things which Jesus did, believed on him." (John 11:45).

Second, there would be doubters who would tell false religious leaders. (John 11:46). Then there would be council meetings among the ecumenical apostates to see what their response should be to the miracle.

"Then gathered the chief priests and the Pharisees a council, and said, What do we? for this man doeth many miracles." (John 11:47). They would discuss the danger of losing followers and power by people leaving them to follow Jesus.

"If we let him thus alone, all men will believe on him: and the Romans shall come and take away both our place and nation." (John 11:48).

Caiaphas, the high priest arrogantly rebuked his comrades, and proposed that they simply kill Jesus Christ to spare their nation from discord and possible problems with Rome. (John 11:49, 50). Caiaphas did not know that in his evil heart and plan was the prophecy of God's plan for salvation through the death of His Son. "And this spake he, not of himself: but being high

priest that year, he prophesied that Jesus should die for that nation; And not for that nation only, but that also he should gather together in one the children of God that were scattered abroad." (John 11:51, 52). Caiaphas was fulfilling Old Testament prophecy. As Luke said, "The kings of the earth stood up, and the rulers were gathered together against the Lord, and against his Christ. For of a truth against thy holy child Jesus, whom thou hast anointed, both Herod, and Pontius Pilate, with the Gentiles, and the people of Israel, were gathered together, For to do whatsoever thy hand and thy counsel determined before to be done." (Acts 4:28-28).

The die was cast. "Then from that day forth they took counsel together for to put him to death." (John 11:53). Jesus avoided the Jewish leaders from then until the time of the passover, staying in the wilderness with his disciples. (John 11:54, 55). The chief priests and Pharisees made a command that anyone knowing the whereabouts of Jesus was to report to them that they might take Him and kill him. (John 11:57).

Does the Christ of the Bible threaten your comfortable religious opinions and values? (Hear "The Bible Speaks" at 12:15 p.m. Tuesday on WQON 100 FM).

Coming Attractions

Many of us can fondly remember the colorful posters that preceded every circus that came to town.

These announcements were posted on poles, sides of buildings and in store windows. The anticipation mounted as we counted the days until the circus arrived. We could hardly wait.

And then, it came in all its splendor and excitement. Young and old thrived at the sight. Crowds gathered and followed the prancing horses, caged animals, caravan of elephants, the sound of the calypso, and all the wonderful clowns and other oddities parading down main street.

For a few days we would enjoy the wonders of it all. Suddenly, the delightful sights and sounds went away as swiftly as they came. All that remained was an empty lot strewn with litter and left to the weeds.

So, what's behind this force that draws us to a circus? Perhaps the same things that attract and invite us to come to our place of worship. Could it be the happiness and joy it brings us? Certainly, the longing for something special in our lives. Or maybe it's just being able to gather in one place with friends, neighbors and townfolk to capture a feeling that binds us together.

Visit your church or synagogue this week and experience that feeling.

Which quarterback has started the most Super Bowls? That all-time record is shared by 2 men... Both Roger Staubach of Dallas and Terry Bradshaw of Pittsburgh each started 4 Super Bowls.
Here's an oddity... The Los Angeles Rams, Los Angeles Raiders, Los Angeles Dodgers, Los Angeles Lakers and Los Angeles Clippers were all founded in other cities... The Rams originally were the Cleveland Rams and moved to Los Angeles in 1946... The Raiders moved from Oakland in 1982... The Dodgers moved from Brooklyn in 1958... The Lakers moved from Minneapolis in 1960... And the Clippers moved from San Diego in 1984.
How great a football coach was Vince Lombardi? The 2 men who coached the Green Bay Packers before him won about 31% of their games... The 5 men who've coached Green Bay since Lombardi left have a winning percentage of about 41% — but Lombardi himself, in the 9 years he coached Green Bay, won 76% of all his games.

"WE WILL SAVE YOU MONEY"

Resource Review

By Bruce Patrick
Conservation Officer

An important tool used by law enforcement is the statutory prohibition against "possession" of certain items. For example, possession of drugs, possession of open alcohol in a motor vehicle and possession of fish or game unlawfully. Possession violations are important because it is not always possible to catch a person in the act of using drugs, drinking in a car or killing a deer.

Legally, possession means an act or state of possessing and may be either actual or constructive, with ownership not essential. Con-

structive possession is when a person has knowledge of an item's presence coupled with ability to maintain control over it or to reduce it to his physical, or actual possession.

Several court decisions from throughout the country guide us when we discuss the unlawful possession of fish or game. The State of Washington has held, for example, that two subjects were in possession of a deer when found hiding within 20 feet of where the deer lay (State v. Visser, 188 WASH 363). In Colorado, a man was held in possession

of a deer head hidden in a shack after the deer was killed by his friends, even though he didn't take part in the killing himself (Steward v. People, 83 COL 289).

And in Oregon, objects found in or near the defendants camp, including stew kettles, meat and antlers were held admissible (State v. Evens, 143 OR 603).

Thus, if a person has possession of illegally taken fish or game, either actual or constructive, he or she is as liable before the law as the person who caught or killed it and faces the same penalties.

Doodles from the Tall Timber

By Wendell L. Hoover
Hartwick Pines Interpreter

Now that the year of 1988 is safely past, we here at the Park have been reflecting upon just how successful it was for us and the local area. While the Hartwick Pines State Park is the 5th largest of all State Parks in total land area, the developed area in reality makes us a small park.

Despite that fact, we along with the other parks in the system were very popular places during the past year. Gas prices, the weather and economy had their impact upon the travel plans of visitors to our parks. In all, the 86 State Parks hosted 25 and a half million visitors. Our share of that number

amounted to 210,972 visitors which includes both our campers and those just visiting for the day. While I do not want to bore you with totals and figures, the following should be of interest to you.

Using data collected in 1985 by Michigan State University in their Michigan State Parks study, the 175,401 day use visitors at the Hartwick Pines spent a total of \$922,609.20 in the local area on a variety of goods and services. Using data from the same study, the 35,571 campers who stayed with us spent another \$101,779.24 in the local area on a variety of

goods and services. In all, our return visitors and those who visited for the first time left at least \$1,024,388.44 in the local area. A rather nice contribution to the local economy and if future plans come to fruition that contribution will be larger within just a few years.

While our payroll is not large, our popularity is and by supporting the Friends of Hartwick Pines, it could become even more popular as a place to visit. As a reminder, the next meeting for the Friends of Hartwick Pines is at 7:30 p.m. on January 19 at the Park Headquarters. Phone 348-7068.

Recipes

By Phyllis Brummer

Let's continue our travels to sample foods from other countries. Let's start with China:

Braised Chicken Wings

2 lb. wings
6 tbsp. soy sauce
2 tbsp. dry sherry
1 1/2 tbsp. honey
2 green onions, sliced, including green tops
1 clove garlic minced
1/4 tsp. pepper

Separate wings at joints, discarding the tips. Fry wings in a little oil over high heat until browned. Pour off all but one tablespoon oil. Combine all other ingredients and pour over wings. Cover skillet and cook over low heat about a half hour or until wings are tender. Stir a few times to prevent sauce from sticking. The chicken should be nicely glazed with almost no liquid left in the pan.

Baked Codfish from Portugal

4 codfish or halibut steaks
1 medium onion, minced
1 clove garlic, crushed
1/2 tsp. thyme
1 small bay leaf
1 1/2 c. canned tomatoes, drained and chopped
1 tbsp. minced fresh parsley
1/4 tsp. tabasco
1 c. dry white wine

Place steaks in one layer in butter baking dish. Saute onion in a little oil until light golden. Add garlic and thyme and saute another minute. Add tomatoes and simmer two minutes. Add parsley, tabasco and wine and simmer ten minutes until slightly thickened. Strain sauce and pour over fish. Bake in 400° oven about 10 minutes or until fish is flaky and cooked.

Swedish Beef Patties
1 lb. finely ground sirloin tip
1 c. finely diced boiled potatoes
2 egg yolks lightly beaten
1/4 c. heavy cream
2 tbsp. minced onion
1/3 c. diced pickled beets
2 tbsp. capers, drained and chopped
1/2 tsp. caraway seeds
salt and pepper to taste

Combine all ingredients and form into 8 patties about 1/2" thick. In heavy skillet, fry patties quickly over high heat to brown on both sides.

German Baked Ham

1 ham steak, about 2 lbs.
1/2 c. dry red wine
1/4 c. port wine
3 tbsp. red currant jelly
1 tsp. dry mustard
1 tsp. lemon juice
2 tsp. cornstarch

Combine all ingredients except ham and cook over low heat until clear and thick. Place ham on rack in baking pan and coat both sides with sauce. Bake in 325° oven about a half hour, brushing with sauce several times. When ready to serve, pour remaining sauce over ham.

To accompany your meat dishes, saute whole cherry tomatoes in unsalted butter, or part butter and part olive oil. A clove of garlic might be sauteed and removed from the pan before adding tomatoes. These should be cooked only until warmed through and shiny on the outside, not mushy. After cooking, sprinkle with salt and pepper and basil, tarragon, or rosemary. Parmesan cheese would be nice, also.

Verse or Worse

By Joseph D. Murphy

Nineteen Eighty Eight

*Nineteen Eighty Eight has come and gone
With events both good and bad
Some things happened to bring us joy
Others that made us feel sad.*

*Dear friends that have passed away
We miss each and every one
They were a big part of our lives
Now their stay on earth is done.*

*But I know that we will meet again
In that promised land above
Until that joyous morning
We will remember them with love.*

*But the year was not all sadness
It also had its share of cheer
I guess all things considered
It was not that bad a year.*

*I've enjoyed the good friends I've found
We have shared life's joys and tears
There's hope for peaceful times ahead
Some calming of our fears.*

*We have tried to help others
To smooth their journey on life's road
As the Dear Lord increased our burdens
He gave us strength to bear the load.*

*So as I kneel by my bed tonight
I will bid the old year good-bye
I'll thank the Dear Lord for his mercy
In giving us a brand-new year to try.*

BUDDY'S WORKSHOP

Finding the Problem Before the Solution

We own a brick home that is only about seven years old. On one exterior wall, there is a long crack along the bricks. When it rains, water gets in through the crack and runs down an inside wall. Could we use a silicone caulk to seal that up?

Before doing any repairs of this type, I would suggest you try to determine the cause of the problem. It may be that the house is still settling on its foundation, or there could be a structural problem.

You can find out by consulting a structural engineer in your area, and it should be someone who specializes in residential construction. If you happen to live near a state university, contact their engineering department and ask if there is a professor of engineering who can advise you. Some university professors do consulting work.

In certain areas of the country, houses of all ages have been settling more than normal, which has something to do with the condition of the ground brought on by the drought of 1988. If it's a settlement problem, then the brick can be repaired, but should be done by a reputable mason. He would probably recommend you repair the mortar and apply a water sealant, rather than just filling the crack with a caulk. A good mason will guarantee his work, but cannot guarantee that the house won't settle more in the future.

I often run into little repair jobs that involve loose screws in various places. They're not really stripped, but they don't really hold tight, either. What's the best way to deal with them?

A very simple solution would be to keep a roll of silicone tape on hand. It's a thin, white, non-sticky tape... sort of like a ribbon. Wind a bit of that around the screw and it should take up the slack in the hole. Silicone tape can also be used to tighten up a hose on a water spigot if there's a little leak. I've used it to tighten up the connections on swimming pool filter hoses, and it works fine.

Have you seen the size of the jury awards in liability suits these days? Seven-figure awards are not uncommon.

What would you do if someone sued you for a million or two? If your insurance did not cover the full amount of a judgment against you, your assets, even your future earnings, could be attached.

Ample protection — peace of mind — is not difficult or even very expensive with an umbrella policy. This effectively boosts the limits of all your liability coverage for a relatively low premium.

You must maintain certain minimum liability limits for your primary insurance for your car, your boat, your motorcycle, and such, as well as personal liability, which may be part of your homeowner's policy. The overall "umbrella" costs much less than increasing each policy.

Umbrella insurance usually includes legal defense in case of lawsuit, in addition to policy limits. It may also include some protection not covered by other insurance, such as in case of suit for slander.

Have a happy, healthy — and safe — 1989. Best wishes from the folks at
